

ETTU **U-13** EUROTALENTS DEVELOPMENT AND SELECTION CAMPS

2023 PROGRAM AND HOSTING PROCESS

GENERAL OVERVIEW

U-13 EUROTALENTS PROGRAM

3 Eurotalents U-13 camps per year.

2 Selection camps per year.

Selected players

The Eurotalents U-13 Camps are for those players who have been previously selected (at the selection camps in 2022) and ETTU covers full accommodation costs of the players + of one coach per National Association. National associations can apply for wildcards during 2023 for those players who have been not previously selected.

Players born 2011 or later

2 selection camps per year where associations can send their most talented players and ETTU covers part of the accommodation costs (amount TBD) for 1 boy and 1 girl per National Association. The best players of each camp are selected to be part of the Eurotalents U-13 Program in 2024.

UPDATES AND NOVELTIES

MAIN CHANGES COMPARED TO THE 2022 PROGRAM

Lighter Calendar

Due to the increase in the number of international competitions for the U-11 and U-13 categories, the qualification process for Eurotalents has been simplified: In each of the two selection camps, a group of players will finally be selected. Players who are not selected in the first training camp will always have the opportunity to try again in the second camp.

Possibility to ask for wildcards

Introduced already in the third quarter of 2022, for the u-13 Eurotalents camps, the associations can apply for wildcards for those players who have not been selected but who have shown high skills and performance.

New procedure to host

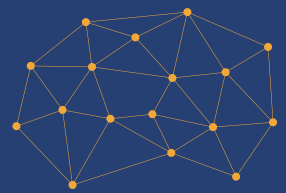

A new hosting and selection process has been designed where all the associations can apply to ensure the opportunity is open, equal and transparent to all.

WHY TO HOST

National players can fill free spots and have the opportunity to attend high level international training camp and exchange experiences with other young athletes of the same age.

It is an excellent opportunity for coaches and training centres to create a network and build relationships for future joint projects.
