ACCOMMODATION: LifeClass Terme Sveti Martin - apartments Regina****

The history of Terme Sveti Martin extends over a period of more than 100 years, more precisely as long ago as 1911, when, at the site of today's spa, an English oil company started prospecting for oil, but instead of striking oil, they struck our thermal waters! From then right up to the present day, this area has been developed as an area of exceptional quality for man's health and wellbeing and for which credit goes to tradition, excellent local gastronomy and numerous recreational opportunities that nature and the natural surroundings provide.

The vision of Terme Sveti Martin for the future and future development is orientated towards three things: healthy living, sport and recreation and local cuisine. This vision is reflected in the slogan: "The World of Healthy Pleasures".

Terme Sveti Martin are located in Međimurje, the most northern country of Croatia. This is the place where for hundreds of years tradition, culture and history have been living in harmony with nature.

It is extremely important that invited players attend the camp with their national team and/or personal coaches as this is the best opportunity to discuss future programmes for the players and establish regular communication among coaches and adequate ETTU bodies. The ETTU is also keen to increase the number of female coaches in Europe and therefore encourage the participation of female coaches. This is a great training opportunity for both male and female coaches to learn and grow together with the young players.
