More training partners and coaches from the first division of Hungary. It is extremely important that invited players attend the camp with their national team and/or personal coaches as this is the best opportunity to discuss future programmes for the players and establish regular communication among coaches and adequate ETTU bodies.

The ETTU is keen to increase the number of female coaches in Europe and therefore encourages the participation of female coaches. This is a great training opportunity for both male and female coaches to learn and grow together with the young players.
