

## D EUROPEAN YOUTH CHAMPIONSHIPS

### PROPOSITION N° 6 *(proposed by the Belarus Table Tennis Association)*

Taking into consideration the fact that recently the number of countries and players participating in European Youth Championships has increased significantly, it is quite difficult to choose the venue for the event. Firstly it becomes hard to choose the city, in which the organisers will be able to provide the playing hall with 26 playing tables and one practice hall. Secondly it is not easy to organise high-quality meals for so many players and specialists. These days in Europe there are not so many countries that could solve all these questions and hold the European Championships according to the existing format. So, our proposal is to hold European Junior Championships and European Cadet Championships in different countries. The terms of hold the events can be the same or different.

*Alexandre Petkevitch, First Deputy President of BLR TT Federation*
