Alongside the lake, there is only 15 minutes to walk between the hotel and the venue - hopefully the weather will be kind to us and you can enjoy the beautiful scenery!

Procedures in Call area

During the event, there is a call area. The indicated time-limits below (clothing, racket deposit and control, ball choice) **are to be strictly observed.**

Racket Testing

The players are required to bring their rackets at the call area **20 minutes before the scheduled** starting time of the match or latest at the start of the previous match if there is delay.

Rackets not presented before the match will always be tested after the match in the Call Area with the risk of loss of the match.

Names of the players

- **Players** shall have their names printed on the back of their shirts. Players failing to compete with a shirt including their name on the back, shall receive a fine of Euro 100 for each match played without a printed name. The fine may be deducted from the prize money.

Colour of the shirts

- Before the match the players should show their match shirt with printed name.
- **The color of the shirts will only be checked if the name of one of the players is missing on the back : in that case only, the player without name will have to change shirt in case of clash of color. If both names are missing, the umpire will toss the players having to change shirt in case of clash of color.**

Multi balls

Multi ball system will be used throughout the event.

Each player may choose 15 balls in the Call Area before match starting time. If only one player comes for the ball selection, the umpire randomly selects 15 additional balls.

If no player selects balls, the Umpire will randomly select 30 balls.

Coach

- Only one coach is permitted on the playing field (behind the surroundings).
