

Dear friends,

We are very pleased to inform you that after the call for applications we received a record of **25 applications for ETTU NAAP 2022**.

Due to limited budget for this project, we have been (so far) able to accept and approve **19 NA's** programs according to the following criteria:

- All NA's that were not in the program for 2021 (**ESP, DEN, UKR, ISR, SLO, HUN**)
- All NA's that were not in the program for 2021 from category 3. and 4. (**JEY, EST, ISL, IRL, BIH, MLT, CYP, GEO, AND, MNE**)
- All other NA's from category 3. and 4. (**KOS, MKD, LAT**)

For the remaining 6 NA's (**POR, ITA, CRO, LUX, GRE, LTU**) we believe we will be able to confirm their programs in the next 2 months, when we provide additional funding for this project.

For all details about your programs (date, main content of the activities and name of the expert involved in the program), or any other assistance in their implementation, please contact our **ETTU Development Manager (Neven CEGNAR, [ncegnar@gmail.com](mailto:ncegnar@gmail.com))**
